A TRADITION OF EXCELLENCE

3/24/2017

Teaching French to Fifth Graders

Six members of the National French Honor Society of Ridgewood High School recently presented a short lesson to the fifth graders at Orchard Elementary School.

On March 16, Leigh Plasil, Isabelle Siegel, Ellie Gammer, Jacqueline Johnson, Jordan McCarthy, and Anna Schoff taught students in Mrs. Price's, Mrs. Porod's, and Mrs. Saglimbeni's classes how to greet each other in French. The Orchard students also learned how to ask and tell their names, identify where French is spoken around the world, tell how old they are, and count to 25.

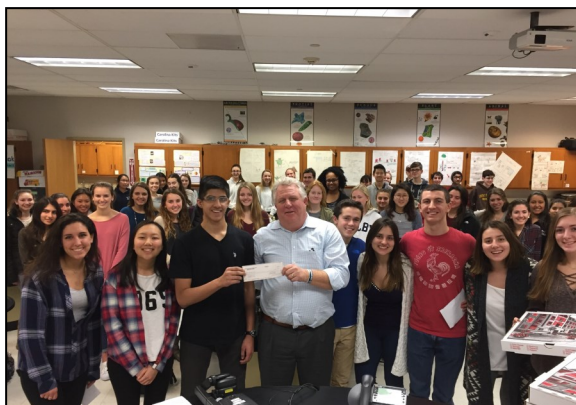

At the end of the class, students played Bingo to help practice the new French vocabulary words. The National French Honor Society students, and Laura Polk, their advisor, will be visiting Travell and Willard Elementary schools in the next few weeks as part of an effort to get students interested in French.

Ridgewood High School students help instruct fifth grade students at Orchard Elementary in how to speak French.

FAST FACTS...

Many experts recommend getting away from the computer occasionally for 20 to 30 minutes and stretching.

Members of Project Interact enjoy pizza from Mr. Sayles as they present him a check to support Saylestock. It is a musical event on April 30, which will feature teacher and student bands.

Certamen Champions

Ridgewood High School Latin students, under the direction of Stefanie Gigante and Jay Lucci, competed in "Certamen" this past week. It is a quiz bowl style game of classical knowledge.

The upper level team, comprising AP students, took home first place in the northern division, and the Latin II team also took home first place honors. The winners will be moving on to the state level of competition at the convention in April.

Ridgewood Latin students pose during the Latin Certamen event this past week, as they get ready to compete.

Marking Period 4 Begins

RHS DECA is hosting an online silent auction for two different golf outing opportunities. All funds raised through this online auction will go towards the upcoming International Career Development Conference being held in Anaheim, California.

The two golfing opportunities are for three people to play a round of golf with a host member and lunch. The two locations are at Ridgewood Country Club and Winged Foot Golf Club.

To view the online fundraiser please visit: [RHS DECA](http://RHSDECA.org) [ICDC Golf](http://ICDCGolf.org)

The silent auction runs through 8pm on Friday, April 7th.

Any questions please contact RHS DECA co-advisors: Karen Mendez (kmendez@ridgewood.k12.nj.us) or Sean Kase (skase@ridgewood.k12.nj.us).

Dr. Kevin E. Trenberth is a distinguished senior scientist in the Climate Analysis Section at the National Center for Atmospheric Research. From New Zealand, he obtained his doctorate from Massachusetts Institute of Technology. He has been prominent in most of the Intergovernmental Panel on Climate Change (IPCC) scientific assessments of Climate Change and has also extensively served the World Climate Research Programme (WCRP) in numerous ways, most recently as chair of the WCRP Global Energy and Water Exchanges (GEWEX) project. He has also served on many U.S. national committees. He is a fellow of the American Meteorological Society, the American Association for Advancement of Science, the American Geophysical Union, and an honorary fellow of the Royal Society of New Zealand. He has published over 544 articles or books and is one of the most cited scientists in his field. He has given many invited scientific talks as well as appearing in several television, radio programs and newspaper articles.
