\*Asynchronous - students will be learning remotely asynchronously. Teachers will either: A) Provide a virtual lesson on a daily basis for all their classes. These lessons will be modified for the live AM classes. B) Students will work on a standards-based question or activity in preparation for the next class meeting. Teachers will front-load Essential Instructional Checkpoints via Google Classroom. This formative feedback/assessment will inform teachers as to the level and comfort of the student's understanding in preparation for the next lesson.
