Attention Parents/Guardians and Students:

1. Teachers will reach out to students by September 2, letting students know the procedures for hybrid, virtual, and remote instruction.
2. All students are required to wear a mask in the school building and should bring a spare.
3. Students may only enter through the Main Entrance, Science Entrance, and Fitness Center Entrance.
4. When students arrive, they must show that they have completed and received a green check on their daily online questionnaire, and they have had their temperature checked. The questionnaire will be emailed to them daily.
5. Parents are not permitted to enter the parking lot before or after school. Please drop off and pick up your child on one of the surrounding streets. We appreciate your cooperation in this matter.
6. In the interest of safety, water fountains will not be accessible. Students are encouraged to bring their own water bottles and may use the water bottle filling stations next to the water fountains in the hallways. We ask that students drink their water in the hallways before entering the classrooms.
7. Students are advised to bring their own dry/erase markers to write on the white boards in class if necessary.
